

**HOMELESS!**

Constipation, Headache,  
Colds, Biliousness, drive  
out with "Cascarets"

Drive away those persistent enemies of happiness—biliousness and constipation. Don't stay headachy, sick, tongue coated, sallow and miserable! Never have colds, indigestion, upset stomach or that misery-making gas. Feel splendid always by taking Cascarets occasionally. Cascarets never gripe, sicken or inconvenience you like Calomel, Salts, Oil or nasty, harsh Pills. They cost so little and work while you sleep.—Adv.

When the Lot Shrinks.  
"I thought you told me your lot was 50 feet wide," said the neighbor.  
"So it is."  
"Then why shovel only 40 feet of snow off your walk?"

Nothing is so local as not to be of some general benefit.

**ROAD BUILDING****DRAINAGE IS BIG ESSENTIAL**

Chief Requirement of Good Earth Road is Drainage—Keep Crown Properly Dragged.

It can be truthfully said that drainage is the chief essential in putting earth roads into proper condition. An old Scotchman, an expert road builder, aptly said that the three requirements of good earth roads are drainage, more drainage, and still more drainage. The roads must not only have good surface drainage but must also have good under drainage. Surface drainage is secured by proper grading, adequate side ditches, and by keeping the crown of the road properly dragged. Stretches of road that do not dry out quickly must be under-drained by tile.

The drag must be used after each rain, if the best results are to be secured. Don't go on the road while too muddy, let it dry out slightly; it should be wet enough, however, so it will not

Several of the Grain Belt States Annually Expend Over \$3,000,000 in Constructing and Maintaining Roads, Bridges and Culverts.

crumble, but smear. When properly used, the drag brings a thin layer of earth toward the center of the road which is rolled and packed between the wet periods. If too much crown is secured by dragging, the angle of the drag should be reversed.

Getting the earth roads graded, ditches open, well drained, and properly crowned by dragging is about all that can be done until the people are ready to surface the road with gravel, broken stone or some other surfacing material.

**GREAT 1920 ROAD PROGRAM**

Necessary for Many States to Postpone Expenditure of Federal Funds for Building.

David F. Houston, secretary of agriculture, in his annual report, calls attention to the fact that the 1919 program for federal aid road building is greater than any previous annual road-building accomplishment in this country. It is so great, in fact, that it undoubtedly will be necessary for many of the states to postpone until 1920 the expenditure of the federal funds, because of the necessity of developing experienced contracting and engineering organizations from the stagnant conditions brought about by the war. Under the terms of the federal aid road act, the apportionment to a state for any one fiscal year remains available for expenditure until the close of the succeeding year. It is estimated that funds already provided will be sufficient to finance next year a program more than four times greater than any that has ever been undertaken.

**GOOD MARKET IS REQUISITE**

Prime Essential for Successful Diversified Farming—Bad Roads Are Drawback.

Farmers sooner or later learn the desirability of diversified farming. Perhaps no cause limits farming of this description so much as bad roads, for the prime requisite for successful diversified farming is a good market. This market may be either a nearby town or a city, or a distant market which requires railroad transportation.

**ADVANTAGE TO AGRICULTURE**

Time Saved in Hauling Over Improved Roads Really Reduces Cost of Transportation.

One of the great advantages of improved roads to agriculture is the time saved in hauling, which in reality amounts to a reduction in transportation costs.

**LIFT OFF CORNS!**

Apply few drops than lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freesone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Freesone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Freesone is the sensational discovery of a Cincinnati genius. It is wonderful.—Adv.

**Curiosity.**

Boy (to butcher who had put on a bone to make up weight)—Mother said the pork she had this morning was all bone.

Butcher—Run home and tell your mother that the next pig I kill without bones I'll make her a present of it.

Boy (a few minutes after)—Mother says the next pig you kill that has got mutton bones in, she would like to buy the whole carcass as a curiosity.

**OUCH! LUMBAGO PAIN! RUB BACKACHE AWAY**

Instant Relief With a Small Trial Bottle of Old "St. Jacobs Oil."

Kidneys cause Backache? No! They have no nerves, therefore can not cause pain. Listen! Your backache is caused by lumbago, sciatica or a strain, and the quickest relief is soothing, penetrating "St. Jacobs Oil." Rub it right on your painful back, and instantly the soreness, stiffness and lameness disappears. Don't stay crippled! Get a small trial bottle of "St. Jacobs Oil" from your druggist and limber up. A moment after it is applied you'll wonder what became of the backache or lumbago pain.

Rub old, honest "St. Jacobs Oil" whenever you have sciatica, neuralgia, rheumatism or sprains, as it is absolutely harmless and doesn't burn the skin.—Adv.

**Benefit of Silence.**

"I don't see your name in the paper quite so often as it used to be, senator."

"No," replied the senator. "I find it just as well not to inform the public of my whereabouts. When they don't actually know where I am it is natural for them to believe that I am busy working for their interests."

**BOSCHEE'S SYRUP.**

A cold is probably the most common of all disorders and when neglected is apt to be most dangerous. Statistics show that more than three times as many people died from influenza last year, as were killed in the greatest war the world has ever known. For the last fifty-three years Boschree's Syrup has been used for coughs, bronchitis, colds, throat irritation and especially lung troubles. It gives the patient a good night's rest, free from coughing, with easy expectoration in the morning. Made in America and used in the homes of thousands of families all over the civilized world. Sold everywhere.—Adv.

A girl never forgets the first kiss she gets after reaching the age where kisses count.

**Important to Mothers**

Examine carefully every bottle of CASTORIA, that famous old remedy for infants and children, and see that it

Bears the Signature of *Dr. H. H. Fletcher*  
In Use for Over 30 Years.  
Children Cry for Fletcher's Castoria

If there is to be much brotherly love, one has to make himself deserving of it.

Garfield Tea stimulates the liver, corrects constipation, cleanses the system and rids the blood of impurities. All druggists.—Adv.

It requires some thoughtfulness to even send "best regards" to other members of the family.

**The KITCHEN CABINET**

The heights by great men reached and kept  
Were not attained by sudden flight;  
But they, while their companions slept,  
Were toiling upward in the night.  
—Longfellow.

**SALAD GREENS AND SALADS.**

Salads will always be in style, for they are generally popular, refreshing, and with a good dressing also nourishing. The very early salads may include the vegetables which we have always considered as greens.

Young dandelions which have grown under boards or the wood pile make the most dainty and succulent of salad plants. Serve with a good French dressing, with or without a sprinkling of minced onion.

One may use any desired salad dressing, but oil is so appetizing, meaty and full of nourishment that everybody should learn to like good olive oil. The corn oils are much less expensive than a good grade of olive oil just now, and they are good and can be used in the same manner in making a mayonnaise dressing.

If one is fortunate enough to live near a small brook or creek where the watercress grows, there is always a most wholesome supply of a most wholesome green. Serve with lamb chops just as a garnish. When eaten without any dressing it is a most piquant and tasty salad. Mixed with lettuce or peppercress or served alone with French dressing, three or four parts oil and one part vinegar with salt and pepper to taste, it is a salad par excellence.

Outside leaves of lettuce rolled and cut with a sharp knife, left unrolled, make very attractive salads and a pretty garnish for many different combinations. The leaves should be fresh and crisp; let the lettuce stand in cold water to freshen.

Radishes cut to simulate tulips make very pretty garnishment. Radishes cut in thin slices and arranged in overlapping rows are another pretty garnish. The red of the radish should not be used with the red of beets or the orange of carrots, as too many of such colors clash. One may use the artists' taste in the arrangement of food as effectively as with paints.

Beautiful thoughts make beautiful lives.  
For every word and deed  
Lies in the thought that prompted it.  
As the flowers lie in the seed.  
—A. E. Godfrey.

**SEASONABLE DISHES.**

A good meat extender will be found in the following dish:

**Beef and Oatmeal Scramble.**—Take two pounds of any of the cheaper cuts of beef; the upper part of the shank is good because of the marrow. Save the marrow to fry the scramble or chop it with the cooked meat. Cover the meat and bone with boiling water and cook until tender. It will take several hours. Let the meat stand until the next day, then chop fine. There should be three or four cupfuls of broth; add a teaspoonful of salt for each pint of broth and when boiling stir in about three cupfuls of oatmeal to make a smooth mush, neither too thick nor too thin. When the meal is thoroughly cooked stir in the chopped meat. Add such seasoning as is desired, celery salt, pepper, paprika, onion juice or poultry dressing. Let cook over hot water until hot throughout, then turn into well greased single loaf breadpans to mold. When cold, slice in even slices and fry brown on both sides.

**Delmonico Pudding.**—Turn a pint can of peaches with the syrup into a pudding dish. Heat one pint of milk in a double boiler; stir one-third of a cupful of cornstarch to a smooth paste with half a teaspoonful of salt and one-half cupful of cold milk, then stir and cook in the hot milk until the mixture thickens. Cover and let cook 15 minutes. Beat the yolks of two eggs, add one-third of a cupful of sugar and beat again, then stir in the hot mixture; continue beating until the egg is cooked, then pour over the peaches. Beat the whites of two eggs very light, then beat in four tablespoonfuls of sugar and let cook in a slow oven ten minutes. Then increase the heat to color the meringue. Serve neither hot nor cold.

**Potatoes and Bacon.**—Place a layer of thinly sliced potatoes in a buttered baking dish; pour over them a thin white sauce. Over the top lay slices of bacon and cook in the oven until the potatoes are tender and bacon crisp.

Neenie Maxwell

**A WELL-KNOWN INSTITUTION.**

Probably no institution in America is more widely known than Doctor Pierce's Invalids' Hotel in Buffalo, N. Y. Although established many years ago it is today a modern sanitarium, having all the latest facilities for the correct diagnosis of diseases and their successful treatment through medicine or surgery.

It was Dr. Pierce, its founder, who over 50 years ago gave to the world that wonderful stomach tonic and blood purifier, "Golden Medical Discovery," and that famous non-alcoholic medicine for women, "Favorite Prescription."

In his early professional career, Dr. Pierce realized that every family, but especially those who live remote from a physician, should have at hand an instructive book that would teach them something about First Aid, Physiology, Anatomy, Hygiene; how to recognize different diseases, how to care for the sick, what to do in case of accident or sudden sickness, etc., so he published that great book, the "Medical Adviser," an up-to-date edition of which can be procured by sending 50 cents to Doctor Pierce's Invalids' Hotel in Buffalo, N. Y.

Later, Dr. Pierce added another link to his chain of good works by establishing a bureau of correspondence to which any one can write for medical advice, without any expense whatever, and if necessary, medicines especially prepared in Doctor Pierce's Laboratory will be sent by parcel post or express for use at home, at a reasonable cost. Thus those who have symptoms of disease need not suffer mental agony fearing that they have some serious ailment, but can have a diagnosis made free by a physician of high professional standing. Write to Dr. Pierce relating your symptoms if you need medical advice for any chronic disease. All letters regarded as confidential.
